

Working in Partnership with Other Agencies

Policy statement

At Home from Home Childcarers we work in partnership with local and national agencies to promote the well-being of all children. We will never share children's/parents' data with any organisation to use for their own purposes.

Procedures

- We have procedures in place for the sharing of information about children and families with other agencies. These are set out in our GDPR - Privacy Notice, GDPR - Information Sharing Policy, Safeguarding and Child Protection Policy and the Supporting Children with Special Educational Needs Policy.
- Information shared by other agencies with us is regarded as third-party information. This is also kept in confidence and not shared without consent from that agency.
- When working in partnership with staff from other agencies, we make those individuals welcome in our setting and respect their professional roles.
- We follow the protocols for working with agencies, for example on child protection.
- We ensure that staff from other agencies do not have unsupervised access to the child they are visiting in the setting.
- Our staff do not casually share information or seek informal advice about any named child/family.
- When necessary, we consult with and signpost to local and national agencies who offer a wealth of advice and information that help us to develop our understanding of the issues facing us and who can provide support and information for parents. For example, ethnic/cultural organisations, drug/alcohol agencies, welfare rights advisors or organisations promoting childcare and education, or adult education.
